

MISHAP REPORT

"B" Co. 159th Aviation Bn.
CH47C S/N 68-15831
22 May 1980 1505 Hours
Crane Naval Depot, Indiana

CLASS A AIRCRAFT MISHAP

Aircraft was on a mission to transport hazardous chemicals. On take off with 10,000 lbs. of chemicals loaded internally, the aircraft reportedly lost power on the No. 2 side, Pilot attempted to keep up No. 1 side, aircraft impacted ground and rolled on its right side. A fire erupted which was subsequently extinguished.

Of the 6 crewmen on board one reportedly sustained minor injuries.

Status of aircraft and hazardous chemicals is unknown at this time.
